Little Susie Smith has taken 3 of her favorite dolls (one she named Ann) to Grandma’s house. Each of her dolls has a different color dress (one is pink), and each doll has a special feature (one sings). Using the clues below can you determine which dolly has which color dress and what her feature is?

**CLUES:**

1. The dolly named Ann is not wearing the pink or white dress.
2. Grandma’s white dress matches the doll who talks, which is not named Mary.
3. The doll that sings is dressed in a pink outfit.
