

CARD SLEUTH

Five friends (one of whom is Larry the lump) are seated at the table below and are dealt two cards each (one has K - 3). From the clues given, can you determine the friends names, where they are seated and what two cards each one holds?

NOTE: (The clues follow a CW rotation starting from 12 o'clock at the top)

CLUES:

Neither Betty or Slick is in seat - 3 , which is occupied by the person with 9- 9 .

The one in seat- 2 , is not seated next to either Betty or Sammy .

Jane is seated between the player with 7-Q , and the one with A-J .

Larry (who holds 4-10) , is seated between Betty and Slick .

Betty is holding a King and a lower card .

The Shark is not holding a queen (that person is in seat 2) .
