

## FINAL SCORE #2

Last night the Bulls and the Angels played a 5-inning softball game at the park. From the clues provided can you fill in the scoreboard, tell who won the game, and determine what the final score was ?

SCOREBOARD	1	2	3	4	5	FINAL
BULLS						
ANGELS						

### CLUES:

The Bulls scored 10 runs in their first three chances(with 5 runs in their very first at bat).

The Angels managed only one run scored in the second inning, and 2 in the third inning (which was one less than the Bulls scored in their own third inning).

If the final score was 13-12, and the Bulls managed to score no more than one run in each of their last two at bats, (and no team scored more than 5 runs in any single inning), can you complete the final scoreboard and determine which team won the game?
