

Five pirate ships have arrived off 'TREASURE COVE'.
 From the clues provided can you determine, the Captain (one is named "Tortuga),
 the color of their ship , (one was colored Green) and the treasure (one found a
 'Gold' chest) each found ?

CLUES:

Jack was not the captain of either the Red or Green Ship .

Sad Sack did not find the Pearls .

One-eyed Mary's ship was between The ship that found the Gold and Jack's .

Green Beard (who did not find a Map) arrived to either the NE or the NW of the cove.

The two ships that arrived on the South side of the cove were : Jack and the one that discovered the Treasure Map .

The Green ship did not find the sack of Gold .

Tortuga either was the Captain of the Gold ship or the one that found the Gold pieces .

Neither Mary nor Jack found the Pearls .

Either Sad Sack or Jack found the treasure Map .

The Bronze statues were not found on the South side of the island .
